Message from the President

Dear Colleagues:

Where has the time gone? We are already into the fourth week of Semester 2 of academic year 2025/26!

As we settle into this semester, marked by recovery from hurricane Melissa for staff and students, I wish you a successful semester of activity in the three categories of operation covered by our Union: academic, senior administrative and professional duties.

As you continue to work to maintain the high standard that has come to be expected – rightly so – of the UWI, we will continue to advocate for improved terms and conditions of service in this reciprocal relationship.

May you have a rewarding semester in all your endeavours as we work to strengthen our institution and advance professionally in our varied fields.
